Information Technology (IT) is regarded as an enabler of economic development. Consequently GCC countries are putting increasing emphasis on the adoption of IT, hoping to accelerate development in all sectors of their industry, government and business. Realizing the importance of Information Systems for sustainable development, the Information Systems Department of the College of Commerce and Economics at Sultan Qaboos University, is organizing an International Conference on Information Systems. The main objectives of the conference are to:

- Provide a forum for discussing issues and challenges in IT/IS solution implementation being faced by industry and government in Oman and other countries.
- Bring together IT/IS Academicians, Researchers and practitioners to share each other's experiences.
- Promote research and collaboration in IT/IS at local, regional and international levels.

KEYNOTE SPEAKERS

To be announced.

CONFERENCE TRACKS (TENTATIVE)

The conference would like to invite papers on following tracks but not limited to:

- E-government issues and solutions
- E-commerce and E-business Challenges
- Knowledge Management & Business Intelligence
- Trends in Web technologies
- IS Security, Social Networking and Privacy
- Mobile Computing
- Trends in IS
- IS industrial applications

PUBLICATION OPPORTUNITIES

Selected conference papers will be chosen for fast-track review and possible publication in selected Journals (names of journals will be announced later)

PAPER SUBMISSION – New Extended Dates

Manuscripts previously published or currently under review are not acceptable. All paper submissions are subject to a double-blind review process. Paper must be written in English. Full Paper Submissions must be received no later than April 30th, 2011. Authors will be notified of the conference scientific committee's decision by May 30th, 2011.

New: Industrial papers or work in progress will be accepted as short papers. All short papers will be of maximum 3,000 words and will follow the same **guidelines** as for full papers.

Conference will also accept **extended abstracts (max 1000 words) for presentations** on a topic/area related to the theme of the conference. However, these will not be included in the conference proceedings.

Details of the Format of papers are available at the website. All papers must be submitted or through the conference website www.squ.edu.om/iiisc.

At least one author of the accepted paper must attend the conference to present their paper in order to be included in the conference proceedings and for possible publication in selected journals.
