

CAiSE'12

GDAŃSK, POLAND 24th International Conference on Advanced Information Systems Engineering

CALL FOR PARTICIPATION

25 – 29 June 2012

www.caise2012.univ.gda.pl

Welcome to CAiSE'12!

The early registration deadline is 25 May 2012. However, we strongly recommend registering and booking your hotel as early as possible.

Register now at <http://www.caise2012.univ.gda.pl>

CAiSE'12 program features 2 keynotes, 14 research presentation sessions with 42 papers covering the latest innovations in information systems engineering, 4 tutorials and the CAiSE forum where new ideas, emerging topics, innovative systems, tools and applications will be presented. We invite you to take part in this unique scientific event and enjoy your stay in Gdansk. Gdansk is a beautiful and lively city with a rich history that will welcome you with the traditional Polish friendliness. We also suggest bringing your loved ones for an extended stay to enjoy the country and the Amber Coast at the Baltic Sea.

Keynotes

- Michele Missikoff (Italy): Looking at Future Research Challenges in Enterprise Information Systems
- Krzysztof Kurowski (Poland): Challenges for Future Platforms, Services and Networked Applications

Tutorials

- Technical Action Research by Roel Wieringa, University of Twente, The Netherlands
- Model-driven Development by Oscar Pastor and Sergio España, Universitat Politècnica de Valencia, Spain
- Improvisational Theater by Martin Mahaux and Patrick Heymans, University of Namur, Belgium
- Ontological Foundations by Giancarlo Guizzardi, FEUS, Brazil

Industrial Track - PRET-4 – Practice-driven driven Research on Enterprise Transformation (www.pret-series.org)

CAiSE Forum – Lively discussion around short visionary and demo papers presented as posters or demonstrations.

Other events at CAiSE'12 in Gdansk

CAiSE Doctoral Consortium

Working Conferences

- **EMMSAD/EuroSymposium 2012** (Exploring Modelling Methods for Systems Analysis and Design; www.emmsad.org)
- **BPMDS 2012** (Business Process Modeling, Development and Support; www.bpmds.org)

Workshops

- **GRCIS** – Governance, Risk and Compliance in IS
- **HC-PAIS** – Human-Centric Process-Aware Information Systems
- **EOMAS** – Enterprise & Organizational Modeling and Simulation
- **AgilES** – Agility of Enterprise Systems
- **NGEBIS** – Next Generation Enterprise and Business Innovation Systems
- **BUSITAL** – BUSinness/IT ALignment and Interoperability
- **WISSE** – Workshop on Information Systems Security Engineering
- **CSSI** – Case Studies in Service Innovation
- **IWSSA** – International Workshop on System/Software Architectures
- **ONTOSE** – Ontology, Models, Conceptualization and Epistemology in Social, Artificial and Natural Systems

Conference Organisation

General Chair: Sjaak Brinkkemper, Utrecht University, the Netherlands

Program Chairs: Jolita Ralyté, University of Geneva, Switzerland and Xavier Franch, Universitat Politècnica de Catalunya, Spain

Organising Chair: Stanisław Wrycza, University of Gdansk, Poland
