

Would you like to take an important step in your academic career? Here you will find the best conditions for that! The **Institute for Information Systems and New Media** of the Vienna University of Economics and Business (Wirtschaftsuniversität Wien, WU) is currently inviting applications for an

## **Assistant Professor position, Tenure Track (fulltime)**

---

The Institute for Information Systems and New Media consists of an interdisciplinary team of more than 20 researchers with strong industry connections with the spin-off company Knowledge Markets. The research areas range from software development for dynamic systems, security and workflow management, scalable web systems up to international anchored projects in E-Learning and knowledge management.

To strengthen our team we offer a position of an **Assistant Professor, tenure track** (post-doc, employee subject to the terms of the Collective Bargaining Agreement for University Employees - Angestellte/r gemäß Kollektivvertrag für die Arbeitnehmer/innen der Universitäten). The minimum gross monthly salary is **3.483,30 Euro** (14 times per year), relevant prior professional experience can be recognized. This employee position will be limited to a period of six years, starting on March 29, 2015. For this position, a qualification agreement can be considered after a period of two years, pursuant to § 27 of the Collective Bargaining Agreement. After successful fulfillment of any qualification agreement made, employment can be made permanent

### **Duties and responsibilities:**

- Contribution to the Institute's research fields (Dynamic Scripting Languages, Scalable Web Systems, Large Scale E-Learning Systems; for details, see web site)
- Teaching technical subjects on undergraduate level (Software Development, Computer Networks, Information Security) and in the international Master Program Information Systems (IS Development, Distributed Systems, IS Engineering)
- Attracting external research funding

### **Your profile:**

- Completed PhD or Doctor's degree in Wirtschaftsinformatik (Information Systems) or Computer Science or equivalent qualification
- In-depth academic experience in the research fields mentioned above
- Several years of teaching experience in the technical IS subjects mentioned above
- Practical experience in larger software development projects
- Experience in attracting external research funding
- Profound knowledge in Information Systems
- Very good English skills, German skills
