

Non-Tenure Track Faculty Position – Lecturer in Business Analytics

The Scheller College of Business at the Georgia Institute of Technology in Atlanta, Georgia is seeking candidates for one academic non-tenure track lecturer position in Business Analytics beginning spring or fall semester of 2019. The chosen candidate will teach courses in business analytics in the undergraduate, MBA, and MS in Analytics programs offered by the College.

We are particularly interested in candidates who have relevant teaching experience in business analytics, machine learning, marketing analytics, financial analytics, risk analytics, supply chain analytics, or related topics. Experience in teaching in online and/or non-degree programs is beneficial. The minimum educational requirement for the position is a Ph.D. in business analytics, marketing, operations management, finance, information systems or a related discipline. However, Ph.D. candidates who expect to complete the degree prior to joining the College will also be considered. Exceptional candidates with a Master's degree and significant relevant industry experience will also be considered. Compensation and benefits will be competitive and based on the candidate's qualifications and experience.

Business Analytics is an interdisciplinary activity at Scheller College with faculty across multiple areas (operations management, marketing, information systems, finance) conducting research and teaching courses. The College has a Business Analytics Center that brings together organizations, analytics thought leaders, talented students, and the world-class faculty at Georgia Tech. For more information about the Center and its activities, visit www.scheller.gatech.edu/bac. The College also offers highly ranked MS in Analytics and MS in Quantitative and Computational Finance programs, in partnership with other Colleges at Georgia Tech. For more information, please visit <https://analytics.gatech.edu/> and <https://www.scheller.gatech.edu/degree-programs/interdisciplinary-ms/quantitative-and-computational-finance/index.html>.

Lecturers are integral to the teaching mission of the Scheller College and play a very important role in our undergraduate and graduate programs. In addition to teaching, they may participate in student advisement, curriculum and content development, and academic committees. They are encouraged to participate in professional development such as through conferences, teaching workshops, and other creative contributions. Teaching loads can vary based on other responsibilities. Reappointment and promotion policies for non-tenure track academic positions at Georgia Tech can be found at <http://www.policylibrary.gatech.edu/faculty-handbook/3.2.2-non-tenure-track-academic-faculty-members-hiring-and-promotion-guidelines>.

BusinessWeek and U.S. News & World Report rank Georgia Tech's Scheller College of Business among the top 30 MBA programs. Georgia Tech is one of the nation's leading research universities and consistently ranks among the top public universities in the country. Atlanta is the ninth largest metropolitan area in the U.S. and serves as a cultural and economic hub for the region.

To apply, please email the following by **November 15, 2018** to: recruit-lecturer-analytics@scheller.gatech.edu.

1. A cover letter (reflecting the position name) including education, teaching and research interests, work experience and other relevant information.
2. Vita (or resume).
3. Names and contact information for three professional references from whom we can request letters of recommendation.

To assure full consideration, complete applications should be received no later than **November 15, 2018**. Initial screening of applications will begin immediately. All application documents must be in Microsoft Word or Adobe PDF format and submitted electronically by email.

Attracting a diverse applicant pool is a critical part of recruitment and we welcome your participation by completing the voluntary disclosure form which will be emailed to you upon receipt of your application. Individual responses are confidential and will not be part of the selection process.

Georgia Tech and Scheller College of Business is an equal opportunity employer and will not discriminate against any employee or applicant on the basis of age, color, disability, gender, national origin, race, religion, sexual orientation, veteran status, or any classification protected by federal, state, or local law.
