

HICSS 54, Grand Hyatt Kauai, HI, January 5-8, 2021

CALL FOR PAPERS

Track - Internet and the Digital Economy

Mini Track - Internet of Nano Things (IoNT)

The track will feature research papers and one or more panels that investigate technological, managerial and policy innovation in the area of IoNT technologies, IoNT project management, and IoNT applications in areas such as business, health, infrastructure, and smart metering in the utility industry. These areas include, but are not limited to the following topics:

- Leveraging IoNT capabilities to create a smart world
- Theory and characteristics of IoNT solutions
- IoNT and Big data, data analytics and visualization.
- IoNT and the application of artificial intelligence/ML both as a service and on the edge.
- Design and development of IoNT systems and architectures.
- Project management techniques in the context of smart devices and systems
- Privacy, security, social, and ethical issues due to the emergence of IoNT

Submit your paper through - <https://hicss.hawaii.edu/>

Guidelines - <https://hicss.hawaii.edu/authors/>
